

VOLUNTEERS NEEDED FOR HOLY FAMILY CARE TEAM

The Holy Family Care Team is looking for people to assist school families in temporary need.

Over the years, Holy Family has run a School Care Group to assist families in need. This ranges from a sudden and protracted illness, a death in the family, an accident to a member of the family or the arrival of a new baby. All these can have a major impact on the day to day running of a family, the impact of which can be immense.

For the HF School Care Group to function effectively in the school, we need volunteers who can assist with such tasks as transporting kids to school, preparing an evening meal for the family, offering some respite for the family or just being that compassionate friend at the end of the phone or text who checks in on the family to make sure 'everything's okay'.

Please fill out the form below if you would like to volunteer and return to the office ASAP so a list can be drawn up and contacted should the need arise. If there is another task you can suggest that you would be able to assist with, please add that too.

Should you have any questions / queries, please contact Robyn Kelly-Hopley on 0417218829 or rckelly80@yahoo.com.au. Understandably the Care Team can assist discretely should you need to contact us for help.

Thank you to Sandra Mantach and Clare Howlett who have co-ordinated this for many years.
